DESCRIPTION

Boron Boost Foliar is a foliar-applied nutrient product that is designed to provide Boron (B) that may be deficient in the soil or plant.

DIRECTIONS FOR USE

Boron Boost Foliar is compatible with most nutrient and pesticide products. However, a standard quart jar test is always recommended before tank mixing it with other materials. **Boron Boost Foliar** should be applied as a foliar spray. Spray in the late evening or early morning. DO NOT spray in the heat of the day. DO NOT spray when the plant is under moisture stress. DO NOT spray to the point of runoff. Use as fine of a spray mist as possible. Allow 3-4 hours after application before sprinkler irrigating to avoid washing the product off.

WARNING: This product contains Boron. Over application or excessive use of Boron, or use on crops other than those listed, can result in Boron toxicity, causing foliar damage or serious plant injury.
